

REMARKS

This Amendment, submitted in response to the Office Action dated May 12, 2008, and the Advisory Action dated June 28, 2008 is believed to be fully responsive to each point of rejection raised therein. Accordingly, favorable reconsideration on the merits is respectfully requested.

Claims 1-5 and 7-33 are all the claims pending in the application. Applicant has amended independent claims 1, 8, 17 and 24 to include the subject matter of claim 6. Applicant submits that the prior art cited by the Examiner does not disclose, for example:

“wherein the server comprises a plurality of proxy managers constructed according to DRM server groups, the proxy managers each comprising:

a platform authentication unit operable to request a license for multimedia contents from a corresponding DRM server group which provides the multimedia contents, and performing registration of the client;

a content conversion unit operable to decrypt multimedia contents received from the corresponding DRM server group, and converting the decrypted multimedia contents into multimedia contents having a format suitable for the client; and

a license translation unit operable to translate a license received from the corresponding DRM server group into a license having a format suitable for the client.”

Therefore, claims 1, 8, 17 and 24 and their dependent claims should be deemed allowable.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the
